EXPERIENCE

MICRO - *Project and Information Manager, 2022-2023*

- Managed all tasks and communications for the production of ATM-sized museums.
- Liaised between designers, fabricators, and stakeholders, preparing designs for production.
- Advised designers in best practices for our context, investigating various options.
- Designed and published social media posts, newsletters, and other communications.

Collaborative Design - *Designer and Instructor, 2022*

- Taught product development, prototyping, and fabrication using cutting-edge technologies.
- Taught human-centered design principles, techniques, and practices with real user groups.
- Advised teams on conflict resolution, empathetic leadership, and creative problem-solving.

Air Partners - *Design Project Manager, 2021-2022*

- Led a 10-person team in launching a network of community-owned AQ sensors in Roxbury.
- Designed accessible and beautiful instructional materials for sensor installation and usage.
- Collaborated with local organizations, employing ethnographic research for effective designs.

Weissman Foundry - *Makerspace Operator, 2019-2020*

- Taught safe and efficient operation of makerspace tools.
- Supported makerspace visitors with technical assistance and project consultation.
- Onboarded new patrons to the space and conducted training for specific tools.
- Addressed guests' needs and de-escalated conflicts when necessary.
